Speculators Take Quarter

**SHOWS NEED OF CONTROL

**Must Guard Against Con-

Coming Year, He Says**

(ASSOCIATED PRESS TELEGRAM)
Washington, June 10.—Food speculators have been taking \$50,000,000 a month for the last five months—a total of a quarter of a billion dollars—from the American people, Herbert C. Hoover today told senators in explaining the purpose of the food control bill now before congress. Hoover went to the capitol today by invitation to explain personally to senators the government food control bill under consideration in both house of congress. He attended an informal conference in the senate agriculture committee, arranged by administration leaders in hope of revising senatorial opposition to the legislation. Opposition to the bill in the senate is determined and it is feared that unless this can be overcome the measure will not be enacted by July 1, as urged by President Wilson.

Disclaiming entirely that the bill sets up a food dictatorship, Mr. Hoover told senators its purposes were entirely to organize the resources of the country and the people themselves into a food administration to limit middlemen's commission and prevent extortion. "With righteous manufacturers and distributors," he said, "the price of flour should not have been over a barrel, yet it averages \$14. In the last five months \$250,000,000 has been extracted from the American consumer in excess of normal profits of manufacturers and distributors."

Mr. Hoover outlined broadly the question of prospective food supplies. "The real question," he said in a prepared statement preliminary to senatorial questioning, "is whether the shortage will continue in next year, and that would be the needs of the allies and America. Despite the reduced consumption of the allies they will require larger amounts of cereals next year than ever. The al-

DRAFT EVADERS TO GO ON TRIAL TODAY IN DETROIT COURT

(ASSOCIATED PRESS TELEGRAM)
Detroit, Mich., June 10.—The first of more than a score of cases involving violation of the selective conscription law will come on in United States district court here today. A majority of those who are to face trial are charged with failing and refusing to register, while others were indicted for alleged distribution of literature opposing the conscription law. Among the latter is Nathan L. Welch, editor of the Michigan Socialist, state organ of the Socialist party. A number of other Socialists also are among those under indictment. The constitutionality of the conscription law already has been upheld by the court.

A motion to quash the indictments against Welch and another man on the ground that they are insufficient is pending and a decision is expected today. Following the draft cases, the court is expected to take up the case of Albert Kallischmidt and several others arrested with him on a charge of setting on foot a military expedition in the United States against the Dominion of Canada and conspiring to dynamite the armory at Windsor, Ontario.

GET BEHIND HOOVER IS THE APPEAL MADE TO AMERICAN WOMEN

Washington, June 10.—Presidents of women's national organizations met here today with the women's committee of the council of national defense to discuss women's part in the war. Some 50 heads of organizations, nation-wide in scope, accepted the invitation to the conference. Food control and elimination of waste formed one of the chief subjects of discussion. "Get behind Hoover" is the slogan adopted by the women's committee of the council of national defense for an appeal sent today to each of its 48 state divisions. The committee is prepared to assist in registering women between July 1 and July 15, and to see that women are informed of the food administration plans and principles. Through its state divisions every woman will be urged to pledge herself to follow the advice of the food administration in the management of the household.

RUSS REFUGEE IN U. S. RETURNING TO HELP GOVERNMENT

Lazar Talmi.

Lazar Talmi, Russian refugee, who escaped and made his way to the middle west nine years ago, has been called back to Russia to help in the reconstruction of the new government. He is twenty-four years old, a graduate of the University of Chicago and national secretary of the Socialist Territorial Society of America.

SWISS OFFICIAL IS IS CONDEMNED FOR PUSHING PEACE MOVE

(ASSOCIATED PRESS TELEGRAM)
Paris, June 10.—The efforts of Robert Grimm, the Swiss Socialist, whose expulsion from Russia has been ordered, and of M. Hoffman, member of the Swiss federal council, to promote an arrangement for a separate peace between Germany and Russia, are condemned roundly by the French press. Grimm's action is considered bad enough, but that of M. Hoffman is regarded as much worse. He is generally considered to have been guilty of a grave breach of neutrality in transmitting proposals made by Germany with a view of detaching one of the entente allies, employing Swiss diplomatic channels for the purpose. The newspapers refer to the fact that M. Hoffman is chief of the federal political department which controls the Swiss diplomatic service. It is remarked that the Swiss states council and the national council have just pronounced official against mediation by Switzerland, and that M. Hoffman at the same moment was acting in a contrary sense.

NOT A BELLIGERENT. MONTENEGRO, URUGUAY, JUNE 10.—

President Viera has decided to make a declaration that Uruguay will not regard as a belligerent any American nation at war with nations of another continent.

Although Uruguay has declared to remain neutral in the war between the United States and Germany the legislative and executive branches have expressed approval of the action of the United States. A dispatch from Montevideo last week said, an American would not be considered a belligerent.

What is going on in Spain? Very little news has leaked out of that country of late, but among the possibilities is a revolt of the army. This photo, just received in this country, shows King Alfonso and his staff officers observing the movements of the soldiers at recent army maneuvers.

FIVE AMERICANS LOST WHEN OIL STEAMER SINKS

ESCAPE WITH LIVES**

**Vessel Had Discharged Its
Cargo In France and Was
On Homeward Voyage**

(ASSOCIATED PRESS TELEGRAM)
New York, June 10.—The oil tank steamship John D. Archbold of the Standard Oil Company has been sunk by a submarine. The announcement was made at the office of the company here today. Four members of the tanker's crew were lost. The Archbold was sent to the bottom last Saturday in European waters.

The John D. Archbold was two days out enroute to this country from France. The ship was armed and a gunner's crew from an American war ship was on board. The names of the missing crew members are Jose Lorenzo, an oiler; Gregorio Soza, a fireman; and Dominato Lago, a wiper, and crew member whose name is uncertain. The company has called for further information.

The John D. Archbold was an American steamship of 3,774 tons gross register owned by the Standard Oil company and built in 1914 at Newport News.

The ship left here May 20 for Havre and Rount France, with cargo. (Continued on Page 6, Col. 4.)

AUSTRIAN CABINET OFFERS TO RESIGN

(ASSOCIATED PRESS TELEGRAM)
Basel, Switzerland, June 10, via Paris.—A Vienna dispatch says that the Austrian cabinet has resigned.

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, June 10, via London.—Amsterdam newspapers publish a rumor that the Austrian premier, Count Martini, has offered the resignation of the cabinet to the emperor owing to the decision of the poles note to vote for the budget. The emperor is reported to have reserved his decision.

There is no official confirmation of the rumor.

ARREST CARTER FOR MURDER OF BANKER'S BABE IN MISSOURI

(ASSOCIATED PRESS TELEGRAM)
Hutchinson, Kan., June 10.—The arrest of Dick Carter of Springfield, Mo., against whom a warrant charging first degree murder has been issued in connection with the disappearance and death of baby Lloyd Keet was announced by the police here today.

THE RED CROSS OR THE IRON CROSS, WHICH?

**IF YOU DON'T WANT THIS TO HAPPEN GIVE FREELY
TO THE RED CROSS FUND**

LICKING Co's
SHARE IS
\$4000.00

CITY WORKERS SECURE PLEDGES FOR \$25,800; WILL NOW HELP THE TOWNSHIP SOLICITORS

That Licking county will give her full share to the Red Cross fund there is no doubt.

When reports from the 200 solicitors were read at today's luncheon at Plymouth Congregational church a total of 1,640 subscriptions was recorded amounting to \$25,871.60. Incomplete reports from a few of the country precincts amounted to over \$7,000 showing a grand total of about \$33,000. The national headquarters asked for \$40,000 from Licking county, but it is evident that the amount subscribed will exceed that sum.

Chairman Wright reported that Pataskala has secured \$844 in the village and \$409 in one of four county precincts. Pataskala and Lima township will raise \$1800 or more.

Hanover reported an advance subscription of \$225. The committees there are today at work for \$1,000. Utica made a splendid report at noon, saying that instead of giving \$3,000 that town expected to contribute \$4,000 to the Red Cross. Already about \$2400 have been subscribed there.

Granville closed the day yesterday with \$1504 including \$500 given by Mr. J. S. Jones. Granville will easily pass its quota of \$2500. Croton reports \$800 raised that being the amount asked of Hartford township.

Hebron at noon reported \$475 subscribed there.

The Newark workers are busy this afternoon. They will report their contributions this evening at headquarters. Tomorrow morning at 8:30 twenty-five men are to meet with their automobile and two extra workers to render service in the country districts. These men are to return home in the evening and join with the solicitors in town at dinner at 6 o'clock in Plymouth Congregational church at which the reports will be submitted. By tomorrow evening it is hoped that the fund will be entirely raised and that when the work is finished there will be a big surplus for the Red Cross treasury.

The eight division generals at noon today reported 1911 pledges with a total subscription of \$6,976.10, making a grand total including yesterday's report of 1,640 pledges and \$25,871.60 subscribed. The report of today's subscriptions by divisions is as follows:

R. S. Weth (125)	\$ 743.00
J. N. Pugh (152)	981.00
C. L. Wyeth (118)	461.00
Carl Dayton (128)	624.00
G. E. Pickup (125)	1,324.76
F. C. Evans (79)	983.00
J. D. Elliott (129)	690.50
L. M. Krieg (144)	1,168.50

Total (1,911) \$6,976.10

Grand Total (1,640) \$25,871.60

The number in parenthesis indicates the number of subscriptions. Mr. Pickup's team was given the banner at today's luncheon.

A generous rivalry in giving is on between Newark and the other 25 townships of the county. Reports are coming in which show that the farmers and the people of the smaller communities have been thoroughly

aroused by the vigorous Red Cross campaign which was started last week and will continue through this week.

Wednesday and Thursday will be field days in the county when Newark men in automobiles will visit every township to stimulate and assist the country workers in their big task of raising \$20,000 as their part of the fund.

Hartford township reported last night that it had raised its whole quota of \$800 the first day and would exceed it.

Rev. L. P. Franklin made a splendid address to the people of Utica last night when over \$2,500 in voluntary pledges were turned in, two of \$500 each from O. C. Teague of the Utica Glass company, and Mrs. A. J. Wilson. Utica will surpass its allotment of \$3,000 and hopes to reach \$4,000.

Granville reported \$1,804.35 as its first day's work, which includes a contribution of \$500 from J. S. Jones.

Rev. D. D. Tullis and A. R. Evans went to Hanover last night and organized that township with Rev. H. T. Bay as chairman and R. J. Cook secretary. Those present gave \$225 in pledges, which includes \$25 from

the Hanover Grange. The teams are out today covering the township.

G. G. Barber and K. I. Dickinson organized Etna township at an open air meeting at Etna last night. P. W. White was made chairman of five teams of men and two teams of women to canvass the township. The workers will meet Wednesday night to distribute their prospects and start out the next day.

Chairman Bartholow of Hebron reports that \$470 was raised there yesterday of their \$1,300 allotment, with no reports from the rest of the township. He is sanguine Union township will give its share. The big work began today.

J. R. Walters and Rev. J. E. Walters organized the people of Chatham last night. In the audience were a number of wealthy farmers of Newton township. Rev. J. L. Lausittel is general chairman, with two teams consisting of Frank Wise, Mead Price, Mrs. G. Woods, Arthur Keckley, and George Koonz. The people of Chatham will do their duty.

George H. Messer, chairman of the rural districts campaign, Dr. R. C. Edwards and Max Norpell organized the people of Burlington township in

TWO AMERICANS EVADE PASSPORT RESTRICTIONS

**Land at Stockholm to At-
tend the Socialists'
Conference**

**REFUSE TO TELL HOW
THEY PASSED BRITISH**

**All Claim to Be Opposed to
Separate Peace With
Russians**

(ASSOCIATED PRESS TELEGRAM)
Stockholm, June 10, via London.—One of the three men who have come to Stockholm from the United States to participate in the international socialist peace conference, succeeded by his own admission in leaving the United States and ultimately reaching Sweden after his passport had been taken up by the American state department and he had failed in an effort to have it returned.

This man is Boris Reinstein, of Buffalo, who says he is empowered to represent the socialist labor party at the conference.

Reinstein told how he vainly tried through Representative Meyer London of New York and Representative Smith of Buffalo to secure the return of his passport and how he had finally decided to proceed, passport or no passport. Asked how he got away and passed the British control point at Halifax, Reinstein replied:

"That is a matter about which I have nothing to say."

Dr. Max Goldfarb of the "New York Forward," who according to statements made by fellow passengers, was known as "Lepetit" on board the steamer, and said he came as a representative of the American socialist party. He said he had no credentials with him, but asserted they had been called to Secretary Huyemans after he started. Dr. Goldfarb at first asserted that he was an American citizen but finally, after declining to produce his passport, declared it was a matter with the state department to find out whether or not he was a citizen. Asked how he reached Stockholm, he said he was a member of the Socialist party.

"If the state department is curious about it, that is also a matter for it to find out."

"When anybody like myself has without a passport, he answered: three years or more he is entitled to speak in the party's name anywhere, irrespective of his citizenship, merely by virtue of his party citizenship."

Dr. Goldfarb remarked in dis-

RUSSIAN ENVOYS WARMLY GREETED BY U. S. OFFICIALS

(ASSOCIATED PRESS TELEGRAM)
Washington, June 10.—High officials of the state department formed a reception committee to meet the Russian mission due to arrive here at noon today. A welcome intended to impress the envoys with America's sympathy in aims with the new Russian democracy was planned.

The mission is equipped with full powers of negotiation and will act in a capacity similar to the American mission to Petrograd.

TO THE PEOPLE OF LICKING COUNTY

The committees who have been soliciting contributions for the Red Cross campaign cannot reach everyone. They can call on less than one-quarter of the heads of families. Those who have not been seen have just as much of a duty and a privilege as those who have been personally invited to contribute. We ask every patriotic person in Newark to bring or send a pledge to the Red Cross committee headquarters at the Chamber of Commerce. The coupon printed below can be used. We ask you to do this at once without further notice. The response to the appeal of the Red Cross in Newark and Licking county has been splendid. Let us make it better yet. The man who can only give one dollar or five dollars, but gives it, deserves as well of the country as the man who gives \$500.00.

The man who reads this appeal and fails to respond to his ability will be known as a slacker. The name of every patriot who subscribes from one dollar up will be published in the Newark papers.

SEVENTEEN OHIO UNITS RECRUITED TO WAR STRENGTH

(Associated Press Telegram)
Columbus, O., June 19.—Seven
teen units of the Ohio National Guard
and the First cavalry and medical
units are recruited to war strength.
It was announced today by Adjutant
General Geo. H. Wood. The strength
of the guard today is 19,500 men,
and the 20,000 wanted by the end of
the week will be enrolled, he be-
lieves. While that will not complete
the war strength of the state militia
body, it will place the guard on an
excellent basis and perhaps assure
full war strength by July 15, when
the men are to go into federal ser-
vice, he declared.

The Seventh regiment, headquar-
ters at New Lexington, is the most
complete regiment, according to the
report. It has more than 1900 men.
War strength units include Co. D,
First Infantry, Hillsboro; Co. F,
Fourth Infantry, Chillicothe; Co. H,
Fourth Infantry, Chillicothe; the ma-
chine gun company of the Fourth
Infantry, Columbus and Delaware;
Co. A, Seventh Infantry, Zanesville;
Co. L, Seventh Infantry, Athens; Co.
C, Eighth Infantry, Canton; machine
gun company of Seventh Infantry,
Canton; machine gun company of
Seventh Infantry, Athens; machine
gun company of Eighth Infantry, Akron;
Co. E and F, engineers, Cleve-
land; Battery C, Columbus; Co. A,
signal corps, Toledo, and Co. B, signal
corps, Columbus.

The First cavalry is considerably
above war strength, but is awaiting
an order for transformation into
some other service, probably artiller-
y. Four regimental commanders
Adjutant General Wood announced
today are inspecting the officers' re-
serve corps work at Fort Benjamin
Harrison this week.

They are: Colonel C. X. Zimmer-
man, Fifth Infantry; Colonel Tom
Crossen, Seventh Infantry; Colonel
F. W. Galbraith, First Infantry, and
Colonel C. C. Weyerbergh, Tenth In-
fantry.

CITY WORKERS SECURE PLEDGES

(Continued From Page 1)
The Town hall at Homer last night,
Rev. Mr. Akers presided. An execu-
tive committee was elected to raise
the township quota of \$1,200, which
includes Dr. Allen Coburn, chairman,
William F. Edman, B. F. Blake, chief
engineer of the Ohio Fuel and Sup-
ply Co., S. D. Bash, farmer, Prof.
F. N. Heston, principal of schools.
O. B. Young, chairman for New-
ark township, and his workers, met
in the Chamber of Commerce rooms
last night and completed their ar-
rangements. They have listed their
prospects and will call on every man
and woman who should give freely
for the care of Licking county boys
in the war.

**NEWARK MEN TO
WORK IN COUNTRY**
The executive committee asks that
the following-named men report at
the Chamber of Commerce at 8:30
tomorrow with their automobiles and
two workers for the purpose of going
into the country for a day's Red
Cross canvassing:

Messrs. F. M. Rugg, A. R. Lindorf,

J. Carroll, Ralph S. Wreth, C. S. Os-
burn, C. E. Besanceny, Will C. Kus-
ter, C. H. Spencer, A. P. Hess and
Dr. C. L. Wreth. Each man above-
named is to ask two or more men to
go with him in his machine tomor-
row morning. The committee will
assign territory in the morning. It
is the intention to have a large dele-
gation from Newark go into the
country districts tomorrow and as-

General Commander E. C. Wright
and other members of the executive
committee motored to Utica yester-
day afternoon and had a conference
with the Utica committee.

Hartford township was asked to
raise \$300. She did it without half
trying, and was the first township to
report completion of the job. The
people of Croton are going to give
more than they were asked to give.

A laborer stopped one of the sol-
icitors in North Newark this morn-
ing and said, nobody has solicited
him. He handed \$2 to the solicitor
and said he only wished it was a mil-
lion.

A seamstress received the commit-
tee cordially yesterday, handed out a
\$10 bill, and then her sister did the
same thing. "If you don't get enough
money come back again," was the
way these two women dismissed the
solicitor.

"The only money I had was in a
Christmas savings account," said a
Newark man this morning, "but I
regard the Red Cross work more im-
portant than Christmas presents so
I withdrew my money and gave it to
one of the Red Cross solicitors."

GOOD WORK AT UTICA.

(Special to The Advocate)

Utica, June 19.—Twenty-nine
Utica men are hard at work on Red
Cross subscriptions with splendid re-
sults so far. At noon today over
\$2,400 had been subscribed. The
Utica Glass company and Mrs. A. J.
Wilson each gave \$500. Harry Mc-
Cann and W. A. Hervey each \$200
and the following \$100 each: Miss
Cora B. Clark, Mr. and Mrs. D. P.
Campbell, W. P. Kirkpatrick, Mr.
and Mrs. J. A. Cree, James Sims-
baugh, E. O. Outman and employes.
Utica is pledged to give \$3,000.

HEBRON HARD AT WORK.

(Special to The Advocate)

Hebron, June 19.—Hebron and
Union township are busy raising
their portion of the Red Cross fund
for Licking county. The teams at

Sharer.

A list of prospects has been made
which includes all of the people liv-
ing in Hebron and Union township
who can afford to give to the relief
of our boys who will be in the
trenches of France and Belgium ere
long. Everyone will be called upon
by the workers.

PATASKALA IS BUSY.

(Special to The Advocate)

Pataskala, June 19.—At 2 o'clock
this afternoon Pataskala has \$344 in
its Red Cross fund and will easily
pass the \$1,000 asked by the New-
ark committee. One half of the \$344
asked of Lima township has already
been subscribed.

WOMEN AGREE TO OBSERVE RULES TO CONSERVE FOOD

(Associated Press Telegram)

New York, June 19.—In response
to the appeal of Herbert C. Hoover,
to observe the rules of economy in
the household, and to enroll under
the banner of some established or-
ganization interested in the food
conservation, the New York state
division of the women's committee
of the Council of National Defense
today sent out a call for 500 wom-
en volunteers to take the registra-
tion. They will register by a house-
to-house canvass every woman who
belongs to an organization.

The registration would be made
by assembly districts in the city and
at the postoffices in small towns.

More than 800 women members
of the home economics department
of the national league for women's
service it was announced have pledged
themselves to observe each of
the six rules of conservation outlined by
Mr. Hoover in his appeal to the
women of the country to win the
war by conserving food.

ATTEMPT TO KILL WOMAN WHO GAVE CLUE TO MURDER

(Associated Press Telegram)

New York, June 19.—A woman
giving the name of Miss Consuelo
Yakue was found early today in a
vacant lot suffering from injuries re-
ceived in a fall from an open window.
She said she had jumped from her
room to escape two men who attack-
ed her because she gave information
which led to the discovery of the
body of Ruth Cruger, the 18-year-
old high school girl for whose murder
efforts are now being made to
have Alfredo Cocchi extradited from
Italy.

The men called her to the door
of her apartment, the woman said,
on pretext of having a telegram to
deliver. One grabbed her by the
throat and said: "You are not going
to tell any more things."

Police searched her room but
found no trace of visitors or a strug-
gle than an overturned chair and a
broken window. The woman said
she gave Mrs. Grace Humiston the
information that led to the discovery
of the body of Miss Cruger and asked
that Mrs. Humiston be sent to her
immediately.

Among other details of the case
developed today was the finding of a
dark gray tannet uniform, buried
in the tunnel that hid the murdered
girl's body.

WILL BUILD WAR HOSPITAL.

(Associated Press Telegram)

New York, June 19.—An emer-
gency war hospital is to be built by
St. Luke's hospital it was announced
today. The structure will contain
six wards, each accommodating from
20 to 30 beds. An interesting fea-
ture connected with the building is
that it formed the architectural
problem for the members of this
year's graduating class of the school
of Architecture at Columbia uni-
versity in lieu of a thesis.

GRANVILLE GETS 3-4 OF ALLOTMENT ON THE FIRST DAY

(Special to The Advocate)

Granville, June 19.—Team work-
ers last night reported pledges total-
ing \$1804.75 as the results of the
first day's work in soliciting sub-
scriptions for the hundred million
dollar Red Cross fund.

The campaign opened in Granville
yesterday with more enthusiasm than
has been displayed in a common
cause in many years, and the can-
vassers who finished their first day's
work reported at the mayor's meet-
ing last night, an unwonted will-
ingness, even eagerness on the part
of people generally, to "do their bit."
Three township districts were cov-
ered, more or less completely, but
the canvass on the northeastern sec-
tion did not begin until this morn-
ing. Of course many persons have
as yet to be visited, but with the
warm welcome accorded the sol-
icitors yesterday, there is every reason
to hope that Granville town and
township will meet the apportion-
ment of \$2500.00. Last night's re-
ports from the captains of the vari-
ous districts showed that for the
first day, subscriptions had totaled
\$1804.75 of which \$368 had been
received.

Austin and Case will give a bene-
fit at the Opera House Friday after-
noon and evening at which the ad-
mission is to be a free will offering
and every cent of which will be
turned over to the Red Cross cam-
paign organization.

Mrs. Frank L. Ferguson and her
mother, Mrs. Mary White expect to
leave this week for Northport, Mich.,
where they will spend most of the
summer.

Mrs. W. P. Tillman will go to
Cleveland tomorrow, for a fort-
night's visit with Mrs. M. G. Street,
who formerly lived in Granville.

John T. Watt of Wilmington has
been the guest of his son and daugh-
ter, Mayor and Mrs. C. D. Coons.
At present Granville is enjoying
a season of quiet. Socially there is
little going on and in the way of
public entertainment there is noth-
ing but the "movies." Interest cen-
ters in relief work, and most women
and girls in this community are busy
in the cause of suffering humanity.

A suffering which they have hoped
against hope would never be the lot
of American boys.

rooms on Broadway are humming
with industry these days. The splen-
did new sign above the windows was
contributed by Dr. W. E. Clemons,
at his own expense. These head-
quarters in every town should have
some sort of sign to locate them, for
the benefit of strangers. Everyone
has become vitally interested in the
work of these organizations. A wom-

(Associated Press Telegram)

Behind the British Lines in France, June 1.—(Correspondence of the Associated Press, About 7:50)—The French children found in the villages of northern France, evacuated by the Germans under the pressure of the British and French offensives, present a picture of the savagery of modern warfare as characteristic as the Somme forests shattered and broken by months of shell-fire.

Many of these children are orphans, without home or relatives. Many have been grievously wounded. Most of them suffer from a peculiar species of shell-shock which afflicts them generally with a sort of tremor not unlike St. Vitus dance. They have had life and death, horrors human and inhuman, revealed to them in guises so terrible that they will never be quite normal again. All are under-fed and frail from confinement in cellars. Cut off suddenly from relatives and friends perhaps two years ago they have continued to live within a few hundred yards of the front lines, listening always to the thud of shells and the crash of explosives, until their idea of heaven is "a place that is very quiet."

The condition of peasant men and women who have been living under the shadow of the invader through these long months and years has been bad enough, but the condition of the half-starved, wounded and mentally-damaged little children had been far worse.

Everything that can be done to cure and care for them is now being done, constituting one of the most important medical tasks of the French committee. The first step was to remove them well behind the front areas. Those who were orphans were taken far away from the sight and sound of shells, many of them to the south of France. The mildest cases were there put under the care of farm-mothers. The more serious cases must, of course, be kept under

close medical supervision in special institutions. Children who were not orphans were not usually taken away from the district. Mothers or grandmothers could not bear to part with them altogether, so they were placed on farms nearby where it is possible for the friends to visit them frequently.

One French organization has a hospital with 400 children patients all under 12 years of age. Most of them are wounded, some have lost legs or arms, others they say are suffering from brain fever or a puzzling anaemia under which they rapidly waste away.

"They are the victims of the ruthlessness of modern warfare," said the head of the hospital, a French woman wearing a uniform of the French Red Cross. There is no better argument against war than to see these mutilated little victims who will never play or enjoy life as other children do. They are mere shadows of childhood. It is difficult to make them talk and they tremble and start at any noise or sudden movement. Women are always gentle with children, but with these children we need a special gentleness, as if we were handling something more fragile than the most delicate china.

One of the patients, a five-year-old boy who had been rendered dumb from shell shock, showed no improvement until after he had been in the hospital for seven weeks. Then one day he opened his eyes after a long sleep and said with a twisted smile to the nurse: "It is — very — quiet here; — I — like — it."

Cases like that encourage the nurses. But there are many sadder cases—child patients whose wounds must inevitably prove fatal, patients who, despite every effort grow steadily weaker, patients who are gradually losing their reason and whom nothing can save.

LEEDALE ALLEY AGAIN AIRED IN COUNCIL SESSION

The Leedale alley, a question which has been worn threadbare in council for the past decade or more, precipitated a lively row again in council last night when an effort was made to pass legislation to buy the strip of land in question and open it up as an alley.

According to statements made by council, Mr. Leedale agreed to abide by the decision of appraisers who set the value of the land at \$400. The ordinance authorizing the purchase fixed the price at \$425. The extra \$25, it was said, was to compensate Mr. Leedale for the restoration of a fence which he claimed was destroyed by the city in former controversies. And right there was where the hitch came.

Councilmen generally were willing and anxious to do most anything that would definitely settle the question but they balked when in their opinion, Mr. Leedale sought to tack on the extra "11 pun" note for the fence. The councilmen declared that Mr. Leedale should stick to his agreement and sell the land for \$400.

Councilman Knauber was one who was bitterly opposed to the settlement as incorporated in the ordinance. He said Mr. Leedale had forfeited his rightful claim to the property when he did not pay street paving assessments on a part of the strip.

Mr. Leedale was present and made a short talk in which he detailed the trouble and inconvenience he had suffered by reason of the alley question. He declared that owing to the illness of his wife, he had to "regulate" one of his children on the end of a clothes line because the city removed the fence he had constructed to keep his child in the yard and away from the dangers of street traffic.

Councilman Knauber's resolution instructing the city solicitor to bring suit to condemn the property for street purposes was declared out of order by President Keller as the ordinance to purchase the strip was not finally disposed of.

Council last night settled down to constructive business long enough to vote to issue \$5,000 in bonds to construct an incinerating plant for the proper disposal of garbage.

Ancient history in the form of minutes of council meetings is dry reading for council members and the members voted not to hear what was done at the last meeting.

The street committee recommended that improvements be carried out by Central avenue residents be carried out. The committee also recommended that permission be granted to erect a balcony in South Fourth street, covering the sidewalk.

A. S. Stephan, speaking in behalf of local people interested in the hauling of garbage and refuse from the city. He said the company had secured prices on land suitable for dumping garbage and offered to continue the service to the city if council was inclined to arrange for the sanitary handling of the waste matter. He offered to take the contract for burying garbage at \$1200 yearly. Solicitor Norpell told council that Mr. Harris offered to bury stuff at the dumping ground for \$75 a month until the city install the garbage incinerator.

Service Director Christian, in his report, declared that the bond of \$200 required of the city weighmaster was excessive and recommended that it be reduced.

Council Clerk Woodward reported

the service of notices for the improvement of various streets.

Anna M. Grosser and Alexander Farley asked the vacation of an alley near Central avenue.

The board of health reported the adoption of a resolution recommending the incineration of garbage. It was sent to the public service committee.

Mr. Curry introduced a special assessment ordinance for the Evans street improvement. It was passed on suspension of rules. His special assessment ordinance for the Case avenue sewer was passed on suspension of rules. The Oak street paving assessment ordinance also was passed on suspension of rules.

Mr. Curry's ordinance determining to proceed with the paving of St. Clair street was passed on suspension of rules. The same action was taken on the ordinance to pave Evans street.

Mr. Beadle's ordinance determining to proceed with the construction of a sewer in Arlington avenue was passed on suspension of rules.

Councilman Seward offered an ordinance to issue bonds for \$8000 to pay for the construction and installation of a plant for the incineration of garbage.

Mr. Keyes withdrew his ordinance increasing the pay of certain public service department employees, including the city engineer and assistants, superintendent of streets and waterworks construction, etc. He changed the salary of the service director's clerk to \$100, instead of \$80, and that of the assistant city engineer to \$100 per month, instead of \$90. By the terms of the ordinance, Walter Kussmaul, clerk of the service director, and Archie Allen, assistant city engineer, will draw \$100 per month. The rules were suspended and the measure passed.

Mr. Knauber's ordinance prohibiting the obstruction of streets with building materials without first obtaining a permit to use the streets for such purpose was read the third time. It was passed by a 5 to 4 vote. Messrs. Adams, Curry, Alexander and Seward voting against the measure.

Mr. Knauber's ordinance fixing a fee for tapping sewers, and regulating the use of sewers and laterals, was read the third time and passed. Councilman Seward of the public service committee, offered a resolution authorizing the service director to enter into a contract with C. O. Harris for one year at \$75 a month to bury garbage at the garbage dumping ground. The resolution was adopted on suspension of rules.

Councilman Shire's resolution granting permission to Ernest King to construct a gasoline tank under the sidewalk in front of his new garage in South Fifth street, was adopted on suspension of rules.

Mr. Adams' resolution to build sidewalks on King avenue, Bremen street and Central avenue was adopted on suspension of rules.

Councilman Beadle offered a resolution directing the service director to purchase land for \$425 to widen an alley, was just when put to a vote on suspension of rules. Councilmen Stassel, Knauber, Keyes and Adams voted no. Mr. Seward did not vote. Mr. Knauber said appraisers valued the property at \$400, and he was opposed to paying \$425 for the property. The Leedale alley has been in litigation and controversy for the past 12 years or more.

Mr. Knauber offered a resolution directing the city solicitor to proceed with condemnation proceedings against Mr. Leedale to get possession of the property. The resolution was declared out of order in view of the fact that the resolution to purchase the property has not been finally disposed of.

CHILD STRUCK BY AUTOMOBILE; MAY BE SERIOUSLY HURT

Dale Colville, son of G. W. Colville of 42 Roe avenue, was probably seriously injured when he was knocked from his bicycle by an automobile on Indiana street Monday evening.

He was taken to the City Hospital where Dr. U. K. Essington was called. The first examination developed a probability that he had suffered a concussion of the brain and his condition will be carefully observed for a few days. The machine which struck him was a Maxwell, but the name of the driver was not learned.

Newark, Ohio, under the Act of March
3, 1879.

THIS WEEK'S CAMPAIGN.

Never has a public appeal in
Newark met with such widespread
and generous response as the one
which is now engaging the attention
of the people. The men who are on
the job report that they are kindly
received everywhere and that gifts
to the Red Cross are made gladly.
In only a few instances have the
canniverses been refused. The people
as a whole recognize that the call
is urgent and they are ready to
measure the generosity of the gift by
the urgency of the need.

The fact that Newark in the first
day contributed over \$19,500 does
not mean that the work is finished
by any means. Unless this country
gives at least \$40,000 towards the
hundred million dollar fund it will
be regarded as a slacker. Licking
county which oversubscribed its
share of the Liberty Loan, Licking
county which has already sent many
of its best young men out to defend
the flag will not allow it to be said
that she failed in this call for Red
Cross protection of her boys. Don't
be afraid the fund will be oversub-
scribed—every dollar given to the
Red Cross does real service. Let us
make a record this week that we
ourselves can look to with satisfac-
tion and that other communities
will notice. In this campaign let us
all do more than our "bit."

NO SURRENDER.

America has decided that she will
not surrender. Now that we are in
the war every patriot must respond
to the call of his flag and fight for
the continuance of American liberty.
There must be no American slackers.
One demonstration of American
patriotism entirely satisfactory was
given on June 5 when nearly 10,
000,000 registered men went to the
polls and registered. Another
striking demonstration was given
last Friday when the Liberty Loan
was greatly oversubscribed. A third
demonstration is being given this
week when the American people are
responding to the call of the Red
Cross. In all three of these patriotic
demonstrations good old Licking
county is doing her part well. We
are especially proud of the response
by the people of this city to the ap-
peal from the Red Cross. When the
country districts are heard from we
hope they too will make just as good
a showing.

General Leonard Wood in a re-
cent address at Montgomery, Ala.,
said: "You ought to back up the
Red Cross in every way possible.
You can do finer, nobler work
and you can give your money in no
other way that will do as much
good. The Red Cross is the big
brother of the Army's Medical De-
partment, the one official agency of
the War Department in handling the
sick and wounded. The work ex-
tends from the battle area back to
the home and the relief covers the
caring for the men on the battle-
field and in the hospitals, then to
the trains or ships and on through
their convalescence."

The American Red Cross asks for
one hundred million dollars imme-
diately. It is needed for the victo-
ry. Newark is doing her part ad-
mirably and it is hoped that the re-
ports from the country and village
precincts of the county will show
equally well.

The greatest money raising cam-
paign in history is now on and it
is a privilege to have a hand in it.
Help suffering humanity by giving to
the Red Cross war fund this week.

In buying a Liberty bond you
made the safest investment in the
world. It was a patriotic and prop-
er thing to do, but the one who

BULLETS OF HAMBURG.

(Written by Mr. L. R. Parsons.)

Follow that boy you saw on the
street this bright, cheery morning.
Do you know he was one of the
first to enlist?

Follow him as he entrains with his
troop—what rousing cheers they
got!

See him hurrying up the plank of
the transport—they're warping out
to midstream now. Oh, the cheers
and smiles and tears.

But what is that awful din you
hear?—the hum of many machines,
the clug of ten thousand punches,
the rasp of countless lathes?

In the burr of them all can't you
hear the Hymn of Hate? Can't you
see those thousands of feverish
hands, nerved on and on to speed
the nefarious industry of war?

Of course you know why such
haste is made. The place is Ham-
burg.

Little brass shells capped with
steel-nosed bullets, sharp-pointed, ar-
riving hurried through with break-
neck haste to the rhythm of that
hymn to stop that boy you saw this
morning. Will they do it?

Again he's at the front, in the
trench—fevered with concern just
before the charge. He's over the
top with the first—a hundred
whizzed past him but one of those
little steel-nosed bullets found its
mark.

Now time is everything. Hurry,
pick him up, get him back! That
bullet is doing its job well—but a
moment may save him, that boy you
saw on the street this morning.

Maybe that bullet can't succeed—
for maybe it found your dollar in the
way.

Your dollar brought the
stretcher to him, your dollar made
the tourniquet that stopped the
blood, your dollar probed and found
the little steel-nosed bullet—your
dollar was in the way!

Now have you a dollar following
close behind that boy you saw this
morning?

Have you a dollar waiting for him
at the front—to get in the way of
the sharp-nosed bullet of Hamburg?

Do you want to know how your
dollar can follow that boy—how it
can take that stretcher to him when
the bullet of Hamburg has found its
mark?

Subscribe to the Red Cross!

That's the way!

"Fight or Give" is our Battle Cry!

The Red Cross takes the stretcher
for you over the top into No Man's
Land and brings back that boy you
saw this morning.

Only a dollar, but it can do the
nightiest work in the world today.

The Red Cross does not require
field service of its members or sub-
scribers.

All it asks is that you, too, do your
bit and help the boy that fell in No
Man's Land.

President Wilson, himself, is Pres-
ident of the Red Cross and asks that
one million men and women enroll
their names as subscribers to the Red
Cross—at \$1, \$2, \$5, \$10, 100,
\$1,000, \$10,000 or \$100,000.

He does not ask that you do any-
thing else but pay your subscription
and then if you wish to secure 10, 25
or 100 new subscribers, do so if you
wish. No further service in the field
or elsewhere will be required.

In this hour of the nation's and
all the world's need, every American
who loves his country and his fellow
men asks: "What can I do? Where
can I help?"

For stalwart youth the path of
duty is plain. Our country and hu-
manity need Men to fight and die
for them. Yet of our 100,000,000
only a small fraction now and but a
tittle at most, or worst, can thus
serve. For all who cannot enlist to
seek "the great prize of death in
battle," or who are not needed in
those ranks, as yet, there is another
enlistment. It is under the banner
of the Red Cross. Enlisting there
all, old or young, man, woman or
tender child, can proudly say:

"I, too, am serving humanity and
my country."

"I, too, am deserving well of the
Republic."

This is Red Cross week and we
ask that you do this by becoming a
supporter of the Red Cross. Send
your cash or your check today—\$5,
\$10, \$100, \$1,000, \$10,000 or \$100,
000—give to your very utmost.

FOLLY OF HOARDING.

(By Charles J. Rosebault.)

The Government is worried over
the hoarding of food supplies by in-
dividuals. So run the despatches
from Washington. Can it be that
we are going to witness the same
disgraceful exhibition of selfish fol-
ly that marked the opening days of
the war with England? Have we
learned nothing from the bitter ex-
periences of our Allies?

I hate to believe that our country-
men are so dull or heartless, but
foolishness like patriotism knows no
country and it may be necessary to
shame the self-centered into decent
behavior here, as was done in Eng-
land in August, 1914. Just to wake
up those who act in mere thought-
lessness it may be pertinent to men-
tion the experience of an American
couple in the first days after Eng-
land entered the war.

They were living in a tiny village
twenty-four miles north of London,
and their main food supplies came
up daily by motor truck from Har-
rods, one of London's large depart-
ment stores. Rumors that there
might be a scarcity had penetrated
even to their back-water retreat, but
they declined to be ruffled thereby.

The Harrods shop supplied many
thousands in London and the sub-
urbs daily with poultry, meat, game,
fish, eggs, fresh and canned vegeta-
bles. They even shipped by express
and parcel post to Ireland, Scotland
and the English provinces. It was
absurd to suppose that they would
fail a regular customer in an emer-
gency.

So the order for the morrow went
to Harrods as usual, only somewhat
larger than ordinary, as it was for
the week-end and guests were ex-
pected. It included fish and meat
and a variety of fruit and vegeta-
bles, as well as some canned goods.
The following day the big truck
rolled up to the door at the usual
hour and discharged—a package of

washing soda and some clothes
pins!

The motorman was apologetic, but
Harrods had to admit itself beaten.
The day before a horde of panic-
stricken Londoners had arrived in
motor cars and had simply swept
clean the counters, shelves and re-
serve bins of the huge shop. The
other shops had met with the same
experience.

All the greedy ones had acted as
with one impulse. It was a tough
London was already besieged and
the enemy had it in his grip. First
came first fed appeared to be the
slogan of those with money to buy
and no regard for their fellows.

They behaved like maniacs. One
woman carried away triumphantly in
her limousine a hundred pounds of
tea. Another, who habitually pur-
chased her bread and pastry from a
baker, filled her car with bags of
flour.

The senseless fright was short-
lived. The newspapers held up to
scorn both the hoarders and the
merchants who had catered to them.
The Government took a hand and
threatened penalties.

SAFETY FIRST RULES FOR
SOLDIERS ISSUED BY PENNSY

To instruct soldiers, patrolmen
and watchmen, detailed to protect
the property of the Pennsylvania
railroad system during the war, how
to avoid incurring danger while dis-
charging their duty, a pamphlet con-
taining 18 carefully devised "Safety
First" rules has been issued to every
man.

The rules are based on those is-
sued for the protection of railroad
employees, and have been especially
adapted to the needs of military
guards. The instructions include
warnings against negligence in walk-
ing on or near tracks, getting on and
off trains, and patrolling stretches
of electrified track.

BELGIAN ENVOYS EXPRESS

GRATITUDE FOR U. S. AID

Washington, June 19.—Belgium's
future was discussed informally with
American officials today by members
of the Belgian commission of which
Baron Moncheur is head, and may be
taken up later formally. In all the
utterances of the Belgian commis-
sioners was evident the gratitude felt
for rendered by the United States
since the German occupation of their
country. The mission faced a pro-
gram of receptions and dinners this
week and may be received by the
senate and house. Last night they
were entertained at a dinner by
President Wilson.

Wise—"My tailor tells me he now
makes trousers with belt straps near
it altogether." Wags—"Oh, I guess
the old-fashioned suspender buttons
are still holding their own."

he, a-lookin' at it reel careful.
"What is this, Lotta?" An Lotta she
sort of flushed up an' says she, "That
is punch cake," says she. "Oh," says
he, "huh, but what was it you
started out to make?" he says.

No Indemnity.
A husband was earnestly protest-
ing against his wife's habit of jay
walking over the crossing at North
Fifth and Locust Streets. "Don't
do that again," he said impatiently.
"If you'd get killed when you're
crossing that way, I couldn't collect

So while we're waiting to be called
We all must get real busy.

Till Kaiser Bill gets dizzy.
And when asked for contributions
We must open up our purses
And give our dimes and dollars

res.

I know it's pretty tough on you
And I hate to be so cross.
But why should I be General
And still not be the boss?
If I must be our Major,
For colors red and white and blue,
Though fast, have never run.

You say that your ambition's
To enlist in company G.
Well, all right, you've my permission,
But your orders come from me,
And if I send you spinning
Off to the firing line,
Believe me, you'll get right along
And so will I, Gotmine.

For circus day was his day off
And he went upon a tour.
So now he's in the guardhouse
And he's fined him some to boot.
But he has proved beyond a doubt
He's not fit to be our Major.
So now he'll be a private
And I'll be Gen'l, I'll wager.

I know it's pretty tough on you
And I hate to be so cross.
But why should I be General
And still not be the boss?
If I must be our Major,
For colors red and white and blue,
Though fast, have never run.

Milady's Boudoir

The Eyebrows and Sport Hats.

The eyebrows must have their share of attention in honor of the new summer coiffure and the severe style of millinery now worn. If the rows refuse to lie straight and smooth, no matter how carefully they have been brushed, just put the finest speck of muck on any untidy, rebellious hair, and you will have no more trouble.

To give dark eyebrows an attractive luster, dip the fingers in red wine and apply, brushing afterwards with an eyebrow brush. You will find it convenient to keep a wee vial of red wine on your toilet table.

If, after your shampoo, your hair seems too dry, brush it, with a steady firm stroke, to bring out the luster of the oil. If this is not sufficient, rub a very tiny drop of two of olive oil into the scalp and rub the hair again.

Dress your hair in the most becoming way. Fashion decrees just now that it shall be worn close to the head, in many cases very severely, and in others, as a contrast to the severe headgear, it is permissible to wear the "sport" style with little inglets and carelessly escaped locks which are softening and very becoming.

While your hair is drying, you can see the time for careful attention to our nails. Now that summer is upon us the wearing of gloves is not always as necessary as it was in the old days of the spring, so the nails must be kept particularly well at this time.

Your Complexion.
Every woman owes it to herself, her family, and her friends, and all the world at large, to be beautiful. She can. If she will spend half an hour studying how she can make herself attractive as she does simply rinsing she were a famous beauty, the result will be the most gratifying.

As the face is the most noticeable feature, it should receive the most attention. And while I mean complexion, features and expression, I speak of the face, it is too big a subject to treat all at once, so this is all about the complexion.

If you are troubled with pimples, a muddy complexion, you must look within for the cause. Regulation of the bowels frequently corrects complexion ills. In washing

the face use the best soap. Oatmeal is valuable as a cleansing agent, and it also whitens the skin. Use hot water and wash carefully, removing the dirt from every pore. Remove all traces of soap. Dash on cold water to close the pores and stimulate the skin. Then use cold cream.

Don't buy something any druggist tells you is the best, because he makes the most profit on that kind. Don't use a cream because someone else uses it. Find out what cream suits your skin and continue its use. You yourself can do much toward acquiring the name of beauty which nature seemingly left undone.

How to Relax for Beauty.
Lie down flat on the floor with a folded blanket under you. Relax every muscle in the body and lie perfectly still for a few seconds. Raise first one leg and let it drop, as though you had no power over it, and then do the same with the other.

Rest a moment, putting your muscles in a state of tension again. Then do the same exercise with the arms. Rest again with tension and then stand on your feet and hands and kick out backwards, first with one foot and then with the other. Do this about a dozen times. Then walk around the room on your hands and feet.

When you have completed the circuit of the room, stand erect, throw your shoulders back, and start the blood racing through the upper part of your body, by thrusting your arms first up, then sideways and then down, repeating this exercise with vigor and energy until the muscles are tired.

This exercise should leave your cheeks rosy with color and your eyes shining. If you find, however, that your lips do not look quite as fresh and soft and pink as you would like to have them, a dainty way of making them as sweet as a baby's is to bathe them in milk and rose leaves. This is a famous recipe which has been handed down for generations among the feminine members of the French nobility.

Every Day Etiquette

"Will you explain how the groom should dress at an informal wedding?" asked Ned.

"If the groom does not care to wear the conventional outfit for morning a day or evening wedding, he may wear a black business suit. With this suit should be worn a single-breasted vest of the same material as the suit or fancy vesting, four-in-hand tie, tan cap or mocha gloves, a derby and calf-skin shoes," said his brother.

"I wish to announce my engagement. Can you tell me an original way of doing so?" pleaded Ethel.

"Entertain several of your intimate girl friends at luncheon. During the meal have the doorman ring and let the maid bring in a telegram to the hostess. She should then seek permission to open and read it. She should then read aloud the announcement of the engagement," advised her aunt.

"I am to visit at the home of a wealthy school friend. Will you give me a few suggestions as to table manners?" asked Susan.

"Seat yourself from the left side of the chair and arise from the same side after the meal is finished. Sit erect; do not lean against the back of the chair, nor rest your arms or elbows on the table. Do not spread out the napkin to its full extent; leave it folded through the middle. As you are to be a guest for more than one meal, note the disposition of the napkin made by your hostess and follow her example. Never cut salad with the knife, but break it with the fork, using a piece of bread or cracker to assist the fork if necessary," advised her older sister.

Society

Mr. and Mrs. A. B. Crawford were hosts, Monday evening, to a delightful barn dance at their spacious stockbarns in Sharon Valley. Their guests were the members of the Country Cycle and their friends. The barn was prettily decorated with flags and red, white and blue bunting, and was beautiful. During the evening delicious refreshments were served. Music was furnished by the Johnson colored orchestra throughout the evening and a splendid time was enjoyed by those present.

Watson-Nichols.

The marriage of Miss Sadie Nichols of Utica, and Dr. Frank Warner Watson of Columbus, was solemnized at 9 o'clock, Tuesday morning, at the parsonage of the First M. E. church, Dr. L. C. Sparks officiating. Dr. Watson is practicing in Columbus, while the bride is a graduate nurse. Dr. and Mrs. Watson will reside in Columbus.

Mrs. Clyde Irwin entertained on Tuesday afternoon with a linen shower and dinner party, honoring two brides to be whose weddings will take place this week. The honor guests were Misses Mary Louise Rank and Amy Alsapach. The apartments of Mrs. Irwin in the Belmawr were arranged with roses and syringa arranged in French wicker baskets, and a delightful afternoon was spent.

The guests were Miss Mary Louise Rank, Miss Amy Alsapach, Mrs. George Bower, Mrs. A. B. Long, Mrs. Charles Dugan, Mrs. Howard Jenkins, Mrs. Walter Frazier, Mrs. Fred Stimson, Mrs. I. O. Owens, and Mrs. W. A. Phillips of Oklahoma City, who is the guest of Mrs. Irwin. Misses Edna Martin, Clara Scott, Pearl Mercer, Emma Kammerer, Bessie Taafel, Lillian Kammerer, Ethel Brillhart, Annabel Conrad, Dot Woodward.

Mrs. Irwin is entertaining with a second dinner party today.

Mrs. James Murphy of Granville street, is in Mansfield, attending the wedding of her niece, Miss Florence Bissell. The mass for the marriage will be celebrated by the bride's brother, Rev. Father Bissell.

The Kitchen Cupboard

SPRING PALATABLES.

MAPLE ICE CREAM.—One cupful of maple syrup, an egg and a pint of cream. Beat egg, add maple syrup and put in a saucepan. When cool add cream and freeze. This is truly delicious.

Russian Apples.—Pare large, sour apples and core them, fill cores with mince meat made same as for pies (with the apples left out) and bake in slow oven.

Rum Tom Ditty.—Melt two table-spoonfuls of butter without browning, then add two table-spoonfuls of flour and stir until smooth. In this melt a pound of American cheese, stirring constantly while it melts. As the mixture becomes smooth add cream (half a pint), pouring slowly until it thickens, at which time add a can of condensed tomato soup. Season with salt, pepper (red and black), cover and let it heat thoroughly. Serve with crackers or toast.

Grated Horseradish.—Cut off the crown of a horseradish root about two inches from the top and set back in the earth again to make roots for another year. If you cannot set roots out at once, put into a dish of water so they will not dry up, and if left a few days they will root in the water.

Take the rest of the root, wash and scrape clean, then grate or put through food chopper, finest cutter. Do this beside an open window and it will not irritate your eyes so much. Then put into a glass jar in a little sugar (about a teaspoonful to half a pint) and put in vinegar enough to wet the horseradish. Save all the juice that comes during the grating or chopping to add also. Keep the jar tightly closed. It is ready for use at once. Do not prepare more than half a pint at a time, as it loses strength and turns dark.

Caviar Canapes.—Cut and toast as many pieces of bread about a quarter of an inch thick and two inches square as you have people to serve. Spread over each piece of crisp toast when cold a teaspoonful of chilled caviar. Have in readiness some finely chopped parsley and some minced onion. Take a teaspoonful of each and chop them into a hard boiled egg until well mixed and fine. This quantity is enough for six canapes. Spread the mixture over the caviar and serve with lemon quarters.

Light Muffins.

Cream a quarter of a cupful of butter and then beat in half a cupful of sugar. Next add the creamy yolks of three eggs. Then add alternately a cupful of milk and two cupfuls of flour sifted with two and a half level teaspoonfuls of baking powder and half a teaspoonful of salt. Then add the whites of three eggs, beaten stiff, and bake in hot muffin pans.

Courtesy to the Flag.

Civilians have all kinds of trouble when visiting a military camp, because they invariably attempt to pass the flag waving at regimental or brigade headquarters without paying it any more recognition than they would an ice wagon or a garbage can. But in such places they are compelled to extend proper courtesy to the flag of their country. There is always a hawk-faced colonel roosting in the black depths of his tent just behind the colors, and woe to the soldier on guard if he lets a civilian go past without saluting.

When a civilian starts to pass the colors without removing his hat the sentry, knowing that the regimental hawk is glaring balefully at him, swoops down on the surprised civilian and sternly says, "Take off your hat."

Women, of course, cannot take off their hats to the colors, but as they pass the colors or the colors are carried by them, they can at least stop talking and keep their eyes fastened on Old Glory.—Chicago Herald.

Fortress, Silence, Gloom!

The fortress of St. Peter and St. Paul is the gloomiest of bastilles. It stands on the bank of the Neva in Petrograd, opposite what was the Winter palace of Russia's masters. It is a veritable temple of silence, such as Carlyle sighed for in vain. Prince Krapotkin, who spent many weary months within its walls, tells how the officers moved about with silent tread. The floor of his cell was covered with felt, and he found that though the walls had the appearance of being paper the paper was only pasted on canvas, behind which was a wire grating packed with layers of felt. Krapotkin measured his cell and found that ten steps from one corner to the other repeated 150 times was two-thirds of a mile. He desired to walk five miles a day and accomplished his task walking rapidly to the corners, but turning slowly to avoid dizziness.

The Latchstring is Out.

The saying "The latchstring is out" signifies hospitality. It is a standing invitation to visit the party who uses it. In early times throughout New England and other parts of the country the houses were built of logs, and the door fastenings were simply a wooden latch on the inside of the door, which fell into a notched stick in the doorpost. The simple contrivance was owing to the fact that nails and iron were hard to get. On the inside the latch was lifted by the hand easily, but to lift it from the outside a hole was bored in the door, which was made of slabs, and a string passed through, which was fastened to the latch. By pulling the string the latch was lifted and the door opened. To lock the door the string was drawn inside so that a person on the outside could not use it.

He Had To.

If all men were like a colored porter in Frankfort, newspaper men would find the game an extremely easy one. The porter, who is known to every man and boy in the city, recently was divorced from his first wife and within a few days was married again. A reporter happened in the clerk's office just as he was about taking out his license.

"When are you to be married, Frank?" asked the reporter.

The porter told him, and the questioning was continued until his wife to be grabbed hold of his arm and whispered, "Don't tell that man all about this."

"I've got to," the porter whispered back. "He's a reporter."—Indianapolis News.

There's Profit in Growing Herbs.

"Particularly pleasant to grow are herbs," says Grace Tabor in the Woman's Home Companion, "and by a little study of their very special market they may be easily turned into pin money. Every butcher who makes his own sausage is a potential customer, and the large packing houses, of course, use large quantities. Chemists, perfumers and pickle factories also require them. Solicit trade if this line is what you think you would like, offering a sample of your wares, just as any manufacturer shows samples of his goods."

Obituary

Charles Hartel.
Charles Hartel, 43, died at the Newark Sanitarium, Sunday afternoon at 3 o'clock, following an illness of tubercular trouble.

The body was shipped to Hamilton Monday morning by Funeral Director C. T. Egan, where burial will take place.

Dr. Miller's Funeral.
The funeral of Dr. E. O. Miller, of Aberdeen, South Dakota, and a brother of Henry J. Miller of Newark, will be held at 10:30 a. m., Thursday at the Rocky Fork church.

The Rev. S. M. Cook of Munger, Ohio, will conduct the funeral services. The body will arrive in Newark some time Wednesday morning.

The funeral party will start from the home of Mrs. R. H. Ralston, 728 West Main street, about 9:30, sun. time. Interment will be made in the cemetery adjoining the Rocky Fork church.

Thomas Fred Davis.
Thomas Fred Davis died at 6 o'clock last night at his home in Rocky Fork. His death was brought on by a stroke of apoplexy. When the stroke came he sank unconscious in his wife's arms and died shortly after.

The deceased was born in Rocky Fork, December 25, 1878, and during the 38 years and 5 months of his life spent most of his time in his birthplace. He was the son of T. T. Davis of Rocky Fork and owned a store and grocery store.

He is survived by his wife and parents of Rocky Fork, and one sister.

To Have Clean Beautiful Hair

The best thing to use is Kreamol, a liquid which you can get at almost any drug store.

A small amount, only one or two teaspoonfuls will cleanse the hair and scalp thoroughly.

Simply moisten the hair with water, rub in a little of Kreamol, massage well and then rinse in clean water. The hair dries quickly and evenly, and is fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and removes the dust, dirt and dandruff.

Do not use cheap soap or cheaply prepared shampoos if you want to keep your scalp clean and the hair soft and beautiful.

You will find Kreamol very inexpensive as a four ounce bottle will be sufficient to last every one in the family many weeks.—Adv.

Kreamol is Sold at Evans' Drug Store (Warden Hotel Block), Newark, Ohio, and Gilman's Drug Store, Granville, Ohio.

Funeral of Stewart Osborne Teaff.

The funeral of Stewart Osborne Teaff, aged eight months and seven days, was held at St. Francis de Sales church Monday morning at 11 o'clock and interment was made in Mt. Calvary cemetery.

The child is the son of Mr. and Mrs. Henry Teaff, and was born October 10, 1916. Death followed an illness of several weeks.

Our Boys and Girls

Dresses for the summer baby may be made of any of a number of materials, and six or eight are sufficient. If you are wise you will make the neck-band at least 11 inches and the armholes and wristbands a wee bit larger than the ordinary pattern demands. These can then be satisfactorily shortened at the end of the fourth month and will be found serviceable for several months or until outgrown. The infant-sized dress is now made but 27 inches in length.

A clever way to shorten the long dress is to turn up a hem of three inches baste, and feather-stitch in a serpentine line on the right side and cut the material from beneath. The raw edges will be sufficiently held by the feather-stitching to prevent fraying.

Sleeves may be taken up temporarily by running tiny tucks across them and both sleeves and neck-openings should be finished with casings run with narrow bobbinet which launders better than ribbon and is not likely to tangle into untidy knots. For occasions when the baby is taken downstairs to be shown to interested relatives there may be two special dresses made of sheer French nainsook with trimming of real Valenciennes lace, which may be had in quarter widths, for about 6 cents a yard. These gala frocks will be made in yoke style and will be finished at the edge with a lace edged ruffle.

A man's personality means much in war. You can't very well fight your battles by proxy.

WHAT TO DO WHEN HAIR GROWS THIN

Give the Hair Root Nourishment and Stop Spread of Baldness.

If you are rapidly losing your hair and fear baldness W. A. ERMAN invites you to make a three days' test of Parisian Sage. If it does not stop the excessive loss of hair and make your hair and scalp look and feel 100 per cent. better they will return your money.

Hundreds of men and women have written telling of the good results obtained by using Parisian Sage. People who were getting bald say that they now glory in their beautiful hair. Others who have had dandruff and itching scalp for years say they got a clean, healthy scalp after a few applications of this splendid treatment. No matter whether you are bothered with falling hair, prematurely gray hair, dull and brittle hair, oily, stringy hair, dandruff or itching head try Parisian Sage on this money back offer. If your hair is worth saving Parisian Sage is worth trying and a large bottle is inexpensive. Adv.

YOUR BABY WILL THANK YOU

Your baby will feel the effects of improper feeding.

Do you know that cow's milk contains but one-sixth the amount of iron of mother's milk and that Thompson's Food (Peptonized) is pure sweet milk modified on a large scale and so prepared that the iron content equals that of mother's milk.

Your baby will thank you in after years if you bring it up on Thompson's Food (Peptonized). There will be no danger of it being anemic, rickety or backward in growth.

Thompson's Food (Peptonized) is a complete food in itself; it is not a milk modifier. It is very easily prepared by the mere addition of water. Its use eliminates the danger usually associated with the local milk supply.

We suggest that you try a 5c package with our guarantee of satisfaction.

U. S. CONSUMPTION OF LIQUOR SETS A NEW RECORD IN '17

(ASSOCIATED PRESS TELEGRAM)
Washington, June 19.—High tide of whisky and beer revenue receipts—and presumably consumption—in the United States was reached during the fiscal year now closing. The cigarette smokers of the nation, figures show, also smoked more than they have ever smoked before.

Ordinary internal revenue receipts, composed chiefly of taxes on whisky, beer and tobacco, were \$424,327,463 so far this year compared with \$365,126,544 last year. Gauged by revenue receipts, the present year probably will go down in history as the banner year of the liquor traffic.

Revenue collected on whisky thus far in the fiscal year is approximately \$178,000,000, a record for any year, although the current fiscal year still has eleven days. Ordinary receipts still are pouring in more than \$1,000,000 a day. At the tax rate of \$1.10 per gallon, these figures mean that taxes have been paid on about 154,000,000 gallons. This exceeds by 11,000,000 gallons the record of the next highest year, 1915.

Part of these heavy receipts are accounted for, however, by heavy withdrawals from bonded warehouses in the face of the 100 per cent increase in tax contemplated in the war revenue bill. More than \$6,000,000 increase in April is attributed to this cause. Withdrawals have not been so heavy since April.

Revenue from beer is about \$94,000,000, a little less than the record of 1914 when approximately 66,000,000 barrels—taxable at \$1.50 per barrel—were consumed. It is expected that when the fiscal year closes June 30, the 1914 record will have been surpassed.

Tobacco yielded more than \$100,000,000 revenue this year. The nearest approach to this figure was last year's revenue of approximately \$88,000,000. A large part of the 15 per cent increase is believed due to the growing popularity of cigarettes among women.

MARBLE ARCH MARKS SITE OF CAMP VALLEY FORGE

(ASSOCIATED PRESS TELEGRAM)
Valley Forge, Pa., June 19.—Marking the site of the encampment of George Washington and his army during the winter of 1777-78, a memorial for which congress appropriated \$220,000 was presented to the state today by Champ Clark, speaker of the house of representatives, on behalf of the government. More than a hundred senators and congressmen who came here by special train from Washington attended the exercises.

The arch is an imposing structure of marble.

LEFTY GILBERT IS
NEW MANAGER OF
RICHMOND TEAM
(ASSOCIATED PRESS TELEGRAM)
Richmond, Ind., June 19.—Lefty Gilbert, pitcher and former manager of the Terre Haute Central League club has signed a contract to manage the Richmond Central League team, according to announcement made today. He succeeds Joe Evers, brother of John Evers, of the Boston Braves. Evers requested the change feeling that the managerial duties might affect his playing.

DR. BROWN TAKING A POST GRADUATE COURSE AT HARVARD

Dr. James A. Brown, son of Mr. and Mrs. J. W. Brown, 365 East Main street, who graduated in April from Ohio State University and received a commission in the United States Naval Medical Reserve Corps, is now attending a post-graduate course for naval reserve doctors at Harvard Medical College.

Dr. Brown was sent from Columbus to Portsmouth, N. H., where he was stationed at the naval hospital in the navy yards at that place until last Tuesday.

The course at Harvard Medical School is given by the United States Navy department and the best medical men obtainable are engaged to conduct the course.

The laboratory and clinical course extend over a period of eight weeks.

Dr. Brown received the rank of assistant surgeon, lieutenant junior grade.

SAVE SUGAR IN JELLY MAKING

Much waste of sugar and spoilage of jellies can be avoided by using a simple alcohol test recommended by the Bureau of Chemistry, United States Department of Agriculture. To determine how much sugar should be used with each kind of juice put a spoonful of juice in a glass and add to it one spoonful of 95 per cent grain alcohol, mixed by shaking the glass gently. Pour slowly from the

glass, noting how the pectin—the substance in fruits which makes them jelly—is precipitated. If the pectin is precipitated as one lump a cup of sugar may be used for each cup of juice; if in several lumps the proportion of sugar must be reduced to approximately three-fourths the amount of the juice. If the pectin is not in lumps but is merely precipitated, the sugar should be one-half or less of the amount of the juice. If the juice shows no precipitation under this test, it is unsuitable for jelly-making and must be combined with apples or other juices rich in pectin.

The housewife will do well before making the test, to taste the juice, as fruits not as acid as good tart apples probably will not make good jelly unless mixed with other fruits which are acid.

THE MAKING OF A FAMOUS MEDICINE.

Few people realize that over 350,000 pounds of various herbs are used annually in making Lydia E. Pinkham's Vegetable Compound, and these herbs all have to be gathered at the season of the year when their medicinal properties are at their best.

The watchword in preparing these herbs is cleanliness, the process of percolation is perfect. All utensils and tanks are sterilized and the medicine is pasteurized, clarified and filtered before it is bottled for the consumer.

It is this wonderful combination of herbs, together with the skill and care used in the preparation, which has made this famous medicine so successful in the treatment of female ills.

Women ought to make good soldiers if, as Kipling says, the female of the species is more deadly than the male.

GERMANS WORKING AMONG OFFICERS OF TRAINING CORPS

(ASSOCIATED PRESS TELEGRAM)
Fort Sheridan, Ill., June 19.—German propaganda has entered the officers' reserve training camp here, in the opinion of officers of the regular army who are acting as instructors, and orders have been given that every effort should be made to ascertain the source of "baseless reports" concerning the risks taken by men who go to the front in France.

"There had a determined effort," said Major H. L. Cavanaugh, "to spread baseless reports that the average life of a man in the trenches is three days. I have not any doubt this emanated from German source."

Company commanders have been instructed to show the student officers that the reports are entirely untrue and to place the facts before them.

FRISCO FIRM SECURES CONTRACT FOR 16 SHIPS

(ASSOCIATED PRESS TELEGRAM)
San Francisco, June 19.—The United States shipping board has let contracts to the Moore & Scott firm of Works of Oakland for immediate construction of 16 steel steamers of 2,400 tons each, according to a telegram received here by the company. The company estimates that from \$25,000,000 to \$30,000,000 is involved in the contracts.

Barn Was Destroyed.
Fire of unknown origin starting about 10 o'clock last night destroyed the barn of Frank Howard of Eastern avenue. The fire had gained such headway when discovered that it was impossible to save the barn. The barn was filled with hay and corn which fed the flames. No other buildings were damaged. At the time of the fire Frank Howard was out buggy-riding and knew nothing of his loss until he returned home.

Drunks are Fined.

The speakers were Paul Martin of Springfield and former Attorney General Timothy S. Hogan. The Zanesville subscription starts with \$75,000 pledged, \$50,000 of which is given by two men.

Coleman Enjoys Camp.
Henry Coleman of this city, stationed at the colored officers reserve corps at Des Moines, Ia., writes that he is pleasantly situated at the camp and they are using the Sixth cavalry barracks for quarters. That regiment has been sent to Fort Riley, Kas. Coleman states that regular army officers are in charge to put the 300 boys through their paces. All underwent a rigid physical examination and were vaccinated and inoculated to prevent typhoid fever, and were then given uniforms and equipment. The food is splendid, the surroundings inviting and all are enjoying camp life.

FIFTY MILLIONS EACH MONTH IS GAMBLERS' SHARE

(Continued From Page 1)
lies are more isolated in food sources. It takes three times the tonnage and double the trouble to get Australia wheat. Crop failures in the Argentine leave no hope of relief from there next spring.

The Allies are dependent upon North America for the vast majority of their food imports. We should be able to supply 60 per cent of the wheat they require. The other 40 per cent must be made up by further denial on their part and saving on ours. We can increase our surplus. The situation for them next year means increased privation. Without an adequate food supply no European people will continue to fight and we shall end ourselves alone against Germany.

"The Russian revolution was a food riot, and even yet that ally is temporarily paralyzed. The responsibility rests on our government for failure of democracy through a shortage of food."

Turning to domestic conditions Mr. Hoover said this country had been experiencing "unprecedented prices and rampant speculation." Accounting how middlemen and all other persons in the distribution process have been purchasing increasing supplies to avoid individual shortage.

Mr. Hoover cites the canning trade as an example where the entire output of vegetables and fish for 1917 has been disposed of already before it has even reached the canners. He predicted further high prices. The hands of men he said, who heretofore have owned a dollar's worth of food stuff are now speculating in necessities.

"The average prices to the consumers in countries where food administration is now in effect are lower than those now prevailing in the United States," he said. "In England the price of bread is even 25 percent below the price we pay. I believe that unless some administration of our food is taken we will look back at these prices as being moderate."

Mr. Hoover denied that the bill establishes a food dictatorship. He said the purposes of the food legislation were to mobilize the people in order to carry out the advice given them by the government officials and to centralize the functions of the administration in order to centralize the food administration in various states commissions to take charge of production and distribution of flour, sugar and possibly a few other principle commodities. Mr. Hoover said, is being co-ordinated. "Provision for the government to buy and sell commodities would be necessary for us only as a very few prime commodities," he said. "The aim is to stabilize prices and thus eliminate speculation. Setting up a wheat commission we can buy wheat, regulate its storage and handle it until exported or sold in this country. If we do this wheat prices may re-lapse on account of our being able to store and carry it, with speculators securing the sole benefit and farmers bearing the loss."

"We can contract tomorrow with the allies for a certain return for every bushel of wheat we can sell. By controlling prices at intermediate terminals we can assure millers their supplies and simplify transportation."

As to sugar Mr. Hoover said American refiners are competing with the allies in Cuba and that the proper commission could co-operate with the allied purchasers, the American refiners and Cuban producers, stabilizing and reducing prices as well as removing speculative incentives. The proposed appropriation of \$150,000,000 for government purchases of commodities, Mr. Hoover said, might prove too small but is needed for banking facilities.

"We feel confident consumers' prices on sugar and flour would be reduced as well as other commodities by our co-operation with leaders of other trades," he said. "We must have power to license grain elevators so they may play their part in the team work of the government."

MOOSE CARNIVAL TO GIVE PART OF MONEY TO THE RED CROSS

New features are promised in the press notices of the Rutherford Greater Shows, the carnival booked for the week commencing June 25 at the Jefferson street grounds. The carnival is being given under the auspices of the local lodge of Moose. The shows feature high class entertainment of a varied character, surrounded with the usual carnival spirit. Among those attractions mentioned as having unusual merit are: "The Illusions of War," a spectacular production, "Society Venus," Rice and Polack's "Diving Venues," "The Monkey Speedway."

Prof. William Fink's All-American band will furnish the music for the entire week.

MESSANGER BOY INJURES FOOT IN ARCADE ELEVATOR

John Alexander of Grant street, employed as a Western Union messenger boy, had his foot painfully injured in the elevator to the Arcade basement.

In going down he caught his foot between the platform and the wall, and the shoe was torn from the foot. He was taken to the office of Dr. J. G. Shiner where the injury was dressed, his foot being painfully mashed. He will be confined to his home for several days.

"SOFT" DRINK ADS ARE FORBIDDEN IN MAILS

(Associated Press Telegram)
Washington, June 19.—Any drink containing alcohol was defined by the postoffice department today as intoxicating liquor within the meaning of the law forbidding the mailing of liquor advertisements into dry territory after July 1. Methyl wood and denatured alcohol are excepted. The department ruled also that the prohibition against advertisements for liquor for scientific, sacramental, medicinal and mechanical purpose.

Success comes to the man whose sole aim in life is to hit the mark.

CONTRACT AWARDED FOR PAVING CHERRY VALLEY ROADWAY

The county commissioners this afternoon let the contract for the mile of street improvement in West Newark to the Federal Paving Co. of Hamilton, O. represented by John M. Ankele of this city. The extension starts at the end of the brick paving in West Main street, and continues 25 feet beyond the west end of the F. C. Evans home in the Cherry Valley road. The new road improvement will be 40 feet in width, built of asphaltic concrete, stone or filled sheet on a 4-inch concrete base. Work will be begun at once.

The improvement will cost approximately \$52,000, of which one-fifth will be paid by the Ohio Electric Railway company, which has a line over the road to Granville. The abutting property-owners on both side of the road will pay 50 per cent of the remainder, Newark township 25 per cent, and the county 25 per cent. The assessment of the Schneider estate, owning a farm along the roadway, will be about \$11,000.

MRS. GEO. WRIGHT DIES IN 10 MINUTES FROM HEMORRHAGE

Mrs. George Wright, of 36 Riley street, died at her home at 7 o'clock this morning but ten minutes after she had suffered a hemorrhage. Mrs. Wright was standing on the back porch and had been in the best of health, was seized by the hemorrhage, and she died in ten minutes.

Mary Isabel Wright was aged 46 years, and is survived by her husband, one son, Rollin Lloyd Norris, and her father, John Lanna of Coshocton. Also three sisters, Ollie Lanna of Columbus, Mrs. John Hand of Columbus and Mrs. Jacob Bank of Coshocton, and two brothers, Garfield and Andrew Lanna of Coshocton.

No arrangements for the funeral services have been made.

ROY MILLER HAS BEEN TRANSFERRED TO AN AVIATION SCHOOL

Mrs. Mary Miller, probation officer, living at 255 Buena Vista street, received a telephone message Monday from her son, Roy Miller, who has been stationed at the Ft. Benjamin Harrison training camp. He was coming yesterday having come there from the Indiana camp, where he has asked to be transferred to Columbus.

He is a graduate of the Newark high school and of the Case School of Applied Science at Cleveland. He was graduated from Case last June, and had been employed by the Packard Motor Car Co. at Detroit, until going into the officers' reserve camp.

He will be stationed at the aviation ground school at Ohio State university in Columbus for a month and after he has qualified will be sent to a U. S. aviation training camp where he will be prepared for active service as a flyer.

BROTHER OF NEWARK MAN DIES AT BRADFORD, PA.

Word has been received of the sudden death of R. E. Root, of 250 Granville street this city. The deceased was a prominent citizen of Bradford, Pa., and was a member of the city council, and a member of the Bradford board of directors. He was prominent in the business and had a large circle of friends and acquaintances. When his death came it was a great shock.

Mr. Root had been in the last of health on last Friday and during the afternoon while in a bath house, was taken suddenly ill. He was removed to the hospital but died at 1 o'clock of uraemic poisoning. He was prominent as a business man and had a large circle of friends and acquaintances. When his death came it was a great shock.

ONE YOUNG AVIATOR DESTROYS FOUR OF ENEMY AIRPLANES

(ASSOCIATED PRESS TELEGRAM)

British Front in France, June 18, via London.—Having been virtually driven from the air during the battle of Messines, the German force have been attempting to reassert themselves during the past week by adopting the familiar old Tutoic tactics of mass formation. The British pilots report that they seldom meet the Germans now in squadrons of less than fifteen machines, while occasionally they encounter an enemy "aerial army" consisting of from forty to sixty airplanes, none of the great formations has yet been able to cross the British lines, for the new tactics have found the Royal flying corps prepared and numbers have been met with numbers. Some of the battles during the last two days found as many as 70 to 80 machines involved. All the engagements have occurred well inside German territory and have been barely visible from the British lines. The pilots engaged found the fighting so heavy that they had no time to reckon on the losses inflicted by the retreating Germans. Later, however, British machines flew low over the ground, counting the machines which had been burned or wrecked.

After one of these general melees ten enemy airplanes were seen smashed while only two British fliers had been compelled to quit the fight, one of them being able to land within his own line.

One young British pilot bids fair soon to rival the record made by the late Captain Ball, emulated the latter a few days ago by deliberately "sitting" over a German air drome some 20 miles within the enemy lines and smashing one by one four machines which came up to attack him. When he began hovering above the place he saw seven machines in the air, and with engines running. He engaged the one that first left the ground when it was only 60 feet up and it fell a complete wreck.

Diving as the second machine rose, the British pilot drove it squarely into a tree. Two machines then left the ground together, so the Britisher thought it best to get a little more height before attacking the pair. He climbed to 1,000 feet and then after a brief three-cornered fight saw both his adversaries go down within three hundred feet of each other. After this exploit the pilot returned safely but with his machine considerably shot up by machine gun fire from the ground.

RED CROSS HEAD APPEALS TO WOMEN TO GIVE QUICKLY

(ASSOCIATED PRESS TELEGRAM)

Washington, June 19.—The nation-wide campaign to raise a fund of \$100,000,000 for the Red Cross, was in full swing today with indications of generous contributions from throughout the country.

Campaign committees from many cities reported to Red Cross headquarters here the raising of sums in excess of the amount allotted and had set large figures as goals. New York alone reported \$12,000,000 had been pledged in the first 24 hours. A large clerical force was at work today receiving and chalking up returns on the big bulletin boards at headquarters. No attempt was made to estimate the total amount already donated, but Red Cross officials expressed confidence that the campaign could be a success.

Miss Mabel T. Boardman of the Red Cross, today appealed to the women of America to do their part in the campaign. "As women we must give and give quickly our share of the fund," she said.

KEEPS THREE CHILDREN HEALTHY GIVING THEM FATHER JOHN'S MEDICINE

My little girl was very sick with bronchitis and the doctor said she could not live. I gave her Father John's Medicine and after she had taken it she was able to go out and has been well and strong ever since. I give it to my three children every time they have a cold. I can't say enough in praise of Father John's Medicine. (Signed) Mrs. Charles Dupre, Box 331, Gilbertville, Mass.

When you remember that Father John's Medicine builds new flesh and strength because it is all pure and wholesome nourishment, you will realize why it has had more than 60 years success and is recognized as the safest spring tonic and body builder; not a patent medicine but a doctor's prescription. Contains no alcohol.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

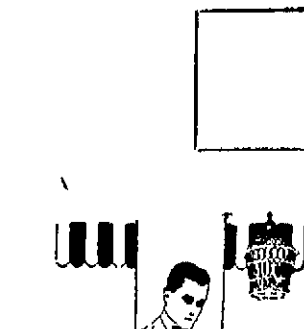

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from any drugstore in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Advertisement.

AMERICAN IS HONORED.

Paris, June 19.—Archibald D. Johnson of Pittsburgh, a member of the Lafayette flying corps, which is composed principally of Americans, has been made a sergeant after a gallant fight single handed against two German airplanes, in which his machine was riddled with bullets. Johnson held his own with both until his machine was almost shot to pieces but was able to return to the French lines.

GERMAN DECLARES GOD SENT DROUGHT AS A PUNISHMENT

(ASSOCIATED PRESS TELEGRAM)

Copenhagen, via London, June 19.—Throughout Germany, according to reports here, all valuable grain crops are burning up as they did in 1915 in an unprecedented heat wave. The prolonged drought has not been broken since early in May. Berlin on Sunday experienced the June 17 record in the 70 years experience of the weather bureau. Tropical temperatures were also reported everywhere west of the Oder river. News reports of horse races and other sporting events further indicated the abnormal scorching heat, many horses being scratched on the opening day of Hamburg derby week because the track was baked too hard for safety, the weather bureau states.

Prospect for rain or lower temperatures are very slight. The effect of the drought on grain crops around Berlin where only eight millimetres of rain have fallen since May 1 is described by a neutral who arrived here on Friday as almost a catastrophe.

The Sunday sermon writer in the Berlin Kreuzzeitung who recently indulged in a most startling blending of religion and politics, declared on Sunday that the drought was sent as a punishment for the sins of the people for listening to the editors of irreligious newspapers and asked how long it would be before this divine chastisement would bring the people to their senses.

(ASSOCIATED PRESS TELEGRAM)

New York, June 19.—An indictment charging murder in the first degree was returned by a federal grand jury today against Alfredo Cocchi in the cellar of Ruth Cruger, an 18-year-old high school graduate, was found buried on Saturday. Cocchi is in Italy. He fled from New York shortly after the girl disappeared last February.

CRIPPLED STEAMER SINKS SUBMARINE OFF COAST OF ITALY

(ASSOCIATED PRESS TELEGRAM)

New York, June 19.—In a battle between a crippled, stranded British steamer and a German submarine off the Italian coast in May, both craft were destroyed according to members of the crew of the American steamship Hilonian who arrived here yesterday.

The Hilonian itself has already been reported sunk off the Italian coast on May 16, the crew being landed at Albenga. On the same date an unidentified British freighter carrying coal also was torpedoed but the captain managed to run his ship into shallow water before it sank. Two days later the American asserted, the submarine returned to the attack and launched a torpedo which hit the steamer amidships and almost blew her apart. As the submarine came to the surface to observe the effects of the shot two deck guns on the stern of the freighter were turned on her, a six inch explosive shell hit the U-boat and she was sent to turn over twice and split squarely in two before going down. During the fight, which took place less than a mile from shore coast batteries also turned a fire on the U-boat.

GERMANY HANGS 30,000 POLES FOR POLITICAL CRIMES

(ASSOCIATED PRESS TELEGRAM)

Sucharia, June 19.—Polish Deputy Iaszinski declared in the Vienna Reichsrath that more than 30,000 Poles have been hanged by the order of the German authorities, according to the Vienna Arbeiter Zeitung which prints special details of the sittings of the Reichsrath on June 14 and 15.

Deputy Striherly also described the abominable treatment accorded political suspects whereupon the Pan-German Deputy Heine shouted: "They have not used the rope enough. All of them ought to have been hanged." At these words all of the Slav and Polish members rushed upon Heine and the president was obliged to suspend the sitting in the midst of a tremendous uproar.

GERMAN PLOT IS FOUND IN ALASKA COPPER STRIKE

New York, June 19.—Assertion that evidence has been found that strikes in the Alaska copper properties of the Kennecott copper corporation were instigated by pro-German elements supposedly as a stroke against the military resources of this country, was made here yesterday at the offices of the company. It was announced that the management in Alaska had been instructed to lay all facts before the federal authorities there.

SINN FEINERS IN DEMONSTRATION TRY TO BURN BUILDING

(ASSOCIATED PRESS TELEGRAM)

Dublin, June 19.—Several demonstrations were held last night in connection with the return to Dublin of the released Sinn Feiners. Two men climbed the walls of the ruined postoffice building on which they tied the Sinn Fein flag. The crowd sang the Sinn Fein song and amid great cheering tore down the ruined postoffice. The police did not interfere until about two o'clock this morning when two demonstrators were arrested and charged with breaking in the post office and setting fire to the timbers. The police dispersed marching bands.

The provisional executive of the Sinn Feiners has decided to demand passports for three of its members to proceed to the United States for the purpose of opposing the objects of the Irish party mission there.

No previous word had been received that an Irish mission was to come to the United States.
